## Professional Experience

<b>Full-Stack Developer and TA</b>	Coding House	Fremont - California	2015-07 – 2016-01
<b>Mediator</b>	Attorney General	Boston – MA	2014-07 – 2015-01
<b>Researcher</b>	European Union	Brussels – Belgium	2013-08 – 2014-01

### Full-Stack Developer and Teacher's Assistant at Coding House:

- Worked in teams following the Agile Scrum methodology to create full-stack applications for both mobile and web using the MEAN Stack including a mobile application (built with Ionic) that gamifies visiting California historical landmarks.
- Produced a fully-featured replica of Quora as a solo project.
- Conducted workshops with students on a variety of topics, including, but not limited to: AngularJS, Git, Gulp, Webpack, and modularization best practices.
- Graded student projects and provided detailed critique and feedback on their code, implementation, and deployment.
- Assisted Students in problem solving and bug diagnosis.

### Researcher & Analyst at the Hungarian Office of the European Parliament:

- Conducted research and analysis for the Hungarian MEP on minority rights issues, with particular focus on European women and the European Roma population.
- Recorded and organized notes for various European parliamentary committee meetings.
- Utilized the Framework for National Roma Integration Strategies policy to identify successful elements within to be included in a new 2014-2020 strategic plan.

### Mediator at the Attorney General's Office of Massachusetts

- Served as a neutral third-party in the State Attorney General's mediation service, using arbitration skills to help consumers and businesses resolve billing and services disputes through facilitated dialogue.
- Achieved dispute resolutions that reimbursed consumers thousands of dollars.
- Educated callers on a wide range of consumer issues (such as automobile 'lemon laws' and home foreclosures).

## Education

**Bachelor's Degree in Political Science**

Northeastern University - MA

2011 – 2015
